

NORTH CAROLINA'S LARGEST PRIVATE COMPANIES

For more than 30 years, *Business North Carolina* magazine has recognized privately-owned businesses that play pivotal, but often understated, roles in building the state's economy. Its list, compiled with revenue and employment information shared by companies, includes best estimates for those that prefer not to disclose that information. Private equity controlled companies whose operations are based in North Carolina are eligible for the list. The majority of businesses are closely held organizations with long histories in the state. The list is based on 2023 revenue.

\$1 BILLION AND MORE
